

# FALL 2011 TUTORING AND ACADEMIC PROGRAMS

**BOYS & GIRLS CLUB  
OF SIMI VALLEY**

## *Academic Programs*

***September 2011 - June 2012***

One-on-one tutoring students taught by Ms. Ella Floyd who received her teaching credential from California State University at Northridge.

Group tutoring sessions do not exceed a 1:4 ratio.

**INDIVIDUAL TUTORING:** Twice per week for 45 minutes  
Credentialed Teacher • 1:1 Ratio • \$225 per month

Give your student the advantage of one-on-one, individualized attention with Ms. Ella Floyd, credentialed teacher and tutor. Assistance completing homework, academic skill improvement and practice plus a question and answer period will be available during each 45 minute session, time permitting. Flexible appointments are arranged directly with Ms. Floyd. Progress reports are available upon request.

**GROUP TUTORING:** Mondays & Thursdays  
Non - Credentialed Teacher • 1:4 Ratio • \$85 per month

Help your student become more organized and focused through group tutoring. The group tutoring program emphasizes grade level academic content standards skill review. Students receive assistance with homework and school assignments. Supplemental materials and instruction will be provided as needed.

**FASTT MATH® EDUCATIONAL SOFTWARE:**  
Monday - Friday • 5:00 - 5:30pm • Grades 2 - 6 • \$25 per month

Fastt Math® is a fun and educational computer software intervention program that helps students develop fluency in basic math facts of addition, subtraction, multiplication and division. Fastt Math's continuously adaptive system increases basic math fact fluency in customized 10 minute daily sessions. This software is used at Simi Valley Unified schools and has had great success in developing students basic math skills.

**WIGGLEWORKS LANGUAGE ARTS SOFTWARE:**  
Monday - Friday • 5:30 - 6:00pm • Grades 1 - 3 • \$25 per month

Scholastic's WiggleWorks® computer software is a fun and engaging language arts program that supports beginning readers in the five key areas of reading including: Phonemic Awareness, Phonics, Fluency, Vocabulary and Comprehension. Perfect for early or struggling readers, children love listening to and reading the interactive stories on the computer and completing the fun and educational games that support the five key areas of reading.
